

LOST CHORD UK COMMUNITY PARTNER PLEDGE

Lost Chord UK passionately dedicates itself to improving the mental health and physical well-being of communities affected by dementia and other neurological conditions, along with their carers. We achieve this through the transformative power of interactive and immersive music sessions led by our team of professional community musicians and dedicated volunteers across the UK. Recognising that we are not alone in this endeavour, we acknowledge the valuable contributions of other groups and partners who share our goals. Lost Chord UK actively collaborates with community partners to leverage resources, achieve joint goals, and reach and support more beneficiaries.

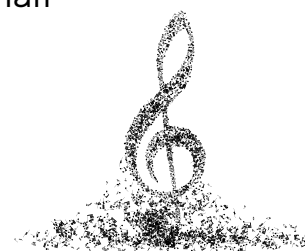

Our Community Partner Pledge outlines our commitment to fostering warm, transparent, and inclusive partnerships with a diverse range of community partners. Our partners include charity partners, community groups, Parish and local Councils, libraries, places of worship, memory cafes, community theatres, and arts, and wellbeing organisations.

Our mission is always to support people facing the challenges of dementia and other neurological conditions by utilising the transformative power of interactive music to bring joy and significantly improve their mental health, physical well-being, and overall quality of life. We firmly believe in the benefits of collaboration and the shared values that underpin effective partnership work. In the true spirit of partnership, transparency, and kindness, our pledge is as follows:

WHAT LOST CHORD UK OFFERS COMMUNITY PARTNERS
